Miss Robertson, in her speech, took a fling at clubwomen, who, she said, sit at ease in comfortable homes worrying about other people's children and get a thrill over tea cups by passing resolutions designed to bring about a new order in governmental affairs.

She declared that the bill would interfere with effective work now being done by individuals and by state, municipal and private agencies.

"I'm not a mother, you know," she said, "but God has given me a mother's heart."

One of the possibilities is that the elimination of the Senate taxes on liquors will arouse the temperance forces, and they will use their influence to get the bill recommitted.

Members of the Senate agricultural "bloc" are displeased with the report, because the Senate conferees yielded on some of the propositions on which the "bloc" insisted. Cutting of the corporation income tax from 15 per cent, the Senate figure, to 12½ per cent, the House figure, is objectionable to the senate synchologies.
